Citizenship and British values

Democracy

Britain is a democracy - this means that the people in Britain vote for the people who make the laws and decide how the country is run. If we didn't have a democracy, just one person might be able to make all the laws and that would not be fair.

The rule of the law

In Britain we have a police force who make sure people do not do the wrong thing and break the law - this means that we are safe.

Individual Liberty

In Britain, as long as we do not break the law, we can live as we choose to and have our own opinions about things.

Mutual Respect

We might not always agree with other people, but we try to show respect for their thoughts and feelings.

We can give respect to others and we can expect other people to show us respect.

Tolerance of those of different faiths and beliefs

In Britain we accept that other people might have different beliefs than ours and they may believe in different religions.

Being a good citizen

- Good citizens are actively involved in their community for the good of their fellow citizens.
- They take pride in where they live or go to work or school and strive to make it a better place.
- We all want to be known as a good citizen, and with a little thought and effort, anyone can be one.

Be good to your
neighbours
