

Dear Parents and Carers,

We have received some fantastic projects last half term which the children have been really proud to share with their classes. This term your child will need to choose **two more projects** from different sections. The final date to hand in the project work is **Monday 4th June 2018.** The children will have another celebration day when they share the projects they have completed at home with your help.

If you have any questions, please ask your child's class teacher.
Thank you
Year 4 team

PROJECT 1

- Write a letter to the Prime Minister on why we should do more to protect our planet. Think of some examples to try and persuade her.
- Write a poem about a chosen animal and its habitat.

PROJECT 2

- Create a poster showing why it is important to take care of living things and their habitats
- Go into your garden and see how many different habitats you can take a picture of. Use these to make a collage.

QUENCHING MY THIRST FOR KNOWLEDGE

Living things and their habitats

PROJECT 3

- Choose some flowers from the local area, and create a flower press collage. Label the different petals you used.
- Use rubbings from your garden

PROJECT 4

- Choose two countries Research the different living things and habitats in both places. Show your findings in a Microsoft Word or a Powerpoint presentation.
- Create a short presentation about an animal and its habitat.

PROJECT 5

- Find out about a habitat. Has it changed over time? Are the species that live there the same? It does not have to be in the UK. E.g Amazon
- Create a leaflet about how a habitat has changed.
