

## PE and Sport Premium Funding

### **What is the PE and Sports Premium?**

Following the London 2012 Olympic and Paralympic Games, the Government made the decision to provide funding for schools to secure a significant and lasting legacy for the children. The PE and Sport Premium is designed to help primary schools improve the quality of the PE and sport activities they offer their pupils.

The aim is to develop an enjoyment of sport and physical activity, and to promote a healthy lifestyle in children from an early age. Schools receive Physical Education (PE) and Sport Premium funding based on the number of pupils in Years 3 to 6.

### **How can the PE and Sports Premium be spent?**

Schools must spend the additional funding on improving their provision of PE and sport, but have the freedom to choose how they do this. This might include:

- hire specialist PE teachers or qualified sports coaches to work with primary teachers during PE lessons;
- support and involve the least active children by running after-school sports clubs and holiday clubs;
- provide resources and training courses in PE and sport for teachers;
- run sport competitions or increase pupils' participation in the School Games;
- run sports activities with other schools.
